

DMCS TEACHER'S DAY CELEBRATIONS 2021

**"TRUE TEACHERS ARE
THOSE WHO HELP US THINK
FOR OURSELVES"**

– Dr. Sarvepalli Radhakrishnan

Teachers' Day is celebrated in India on the 5th of September every year to commemorate the Birth Anniversary of Dr. Sarvepalli Radhakrishnan -former President of India and an eminent teacher. The day is celebrated as a tribute to the humungous contributions made by teachers to our society and is marked by celebrations, thanksgiving and remembrances. It is indeed a very endearing day on the school calendar wherein students go out of their way to honour and thank their teachers. Deva Matha Central School, Banaswadi and Vidyananyapura celebrated Teacher's Day with great jubilation and jollity. The ongoing closure of schools due to the global pandemic couldn't mitigate the spirit of the student community. They meticulously organised a very special, beautiful virtual programme to show their appreciation and love for their teachers.

The programme commenced with singing of the melodious rendition of the DMCS School song. A welcome speech was cordially presented. The school dignitaries- Dr. Joseph V.G.- Honorary Consul General for the Republic of Maldives in Bangalore and Chancellor, Garden City University, DMCS School Director- Ms. Vrinda Coutinho, DMCS Vidyananyapura Principal-

Ms. R. Balasundari, DMCS Banaswadi Principal Incharge- Ms. Fabiola Ann Ignatius, DMCS Vidyananyapura Vice Principals- Ms. Roopalakshmi, Ms. Noorie Ayesha and DMCS Banaswadi Vice Principal- Mr. Bhuwan Chandra were warmly welcomed for the occasion. A hearty welcome to parents, students and the stars of the show, our beloved teachers was given. A number of exemplary dance, musical performances, theme based skit, card trick games, hand gesture performances were presented too. Many theme based speeches and discourses were well received by the audience. A beautiful array of handmade Teacher's Day cards indeed made the teachers emotional. The programme ended with a warm-hearted vote of thanks to the elated audience.

It was a day which depicted deep-seated emotions of love, respect and gratitude for the teachers. The virtual classes continue, however the fragrant memories of Teacher's Day Celebrations will keep getting revisited in the forthcoming days.

Happy Teacher's Day !

The Corridors of Humanity

Humanity- it's an effervescent word, after all it adds more life to one's self-existence. It upholds the yardstick of loving one another with mutual respect, fostering good relationships. Imagine a world which exists without this beautiful virtue – a world full of resentment and unsympathetic behaviour!

The great Mahatma Gandhi quoted- 'An eye for an eye makes the whole world blind'. Humanity is indeed the biggest saviour. We need to start looking at each other with more compassion and less enmity. The current state of world affairs is indeed alarming. I strongly feel the lessons of humanity need to be revisited so that there is more peace and harmony ushered at a global level.

We come across many philanthropists, NGOs and Social Service organisations who take the extra leap to handhold people

and help them cope up in their lives. Organisations like Red Cross, UNICEF have made remarkable impacts and nurtured the social milieu. It's our mind-set we need to work upon and take inspiration from the aforesaid drivers of the virtue of humanity.

Let's get together and create a natural synergy of love between all of us. Let's strive to become more tolerant and embrace a humane outlook towards life. The words of the great Dalai Lama seem befitting for a closure.

"World belongs to humanity, not this leader, that leader or that king or prince or religious leader. World belongs to humanity."
– Dalai Lama

THE STELLAR SNAKES

Snakes are my favourite animals. They are one of the most beautiful reptiles, I admire. Barring a few countries, snakes are found all around the world - Antarctica, Iceland, Ireland, Greenland and New Zealand to name a few wherein we don't easily find snakes. There are over 3,000 species of snakes in the world and around 600 are venomous and over 200 are considered to be very venomous. King Cobra, Common Krait, Russell Viper,

Black Mamba are a few of the most venomous snakes. They usually prey on mice, frogs, toads, eggs, insects etc. They are known to shed their skin 4-12 times a year and are known for their beautiful hues and colours of skin. Snakes are an important part of the ecosystem and maintain a good balance of the food web. Let's ensure that we do not kill snakes, if confronted with one, the authorised snake catchers should be duly informed. Save snakes !

The Imprints of Teamwork

Teamwork, Teamwork,
Together we can do our dream work.
Together we can do anything,
But if we are alone we can do nothing.

If you are playing football and there is no one to kick the ball,
What will happen in the football hall!
If we are together we know each other's love,
And fly like a group of doves.

Wow! What fun!
Together we can touch the sun.
We will never be far away,
And travel hand-in hand, in a good way.

Let's make a team together,
Put everyone like beautiful feathers.
We are the world, we are the children,
Teamwork is indeed our greatest lesson.

THE KNOWLEDGE REPOSITORY-LIBRARY

Friends I would like to share my thoughts on Library. It is one of the most cherished places in a school. The library is a place where books are kept. It is also a place where unlimited knowledge is just waiting to be unravelled. The person who carefully takes care of a library is called a Librarian. I can spend hours sitting in a library and enjoy reading the books. We are expected to maintain silence in the library so that others don't get disturbed. Today a lot of digital content is available on the internet. However, the charm of a library and the whole experience of reading books is priceless!

RAJASTHAN CALLING

I love travelling and my favourite location is one of the most magnificent places in India - Rajasthan. It was an absolute pleasure to visit Rajasthan with my whole family. Our journey started off with the gigantic architectural marvel

the Mehrangarh Fort of Jodhpur. This fort is a masterpiece in all its merit. We got a breath taking view of 'The Blue City'- Jodhpur.

The next awe-inspiring destination was Jaisalmer, often referred to as the 'The Golden City'. The Jaisalmer Fort and 'Longewala War Memorial' will always remain etched in my memories. The extraordinarily striking Thar desert along with its Jeep rides and Camel rides will make you revisit the picturesque location. We also visited the Pink City – Jaipur, Amber Fort, Jaigarh Fort and the spectacular wax museum at Nahargarh.

My vacation diary indeed remains incomplete without a mention of the scrumptious Rajasthani cuisine. It is a must

visit destination for food enthusiasts. The most popular – 'Gatte Ki Subzi' was relished by one and all in the family! Also, try to squeeze in some time to visit the Choke Dhani village to witness the humongous Rajasthani hospitality and rich culture. So when are you writing your dairy !

THE APOCALYPSE

Another day, it was quite normal,
But that was until the night came.
The nights always have something 'welcoming' about them,
But not this one, no, it was no game.

The soothing sound of the vast number of crickets chirping,
They never failed to meet one's eye,
But nothing was welcoming this one night,
There was something on the pry.

It was this one night, where none could sleep,
As if something was supernatural down and deep.
Cry, I might; nor could I swallow,
The fear that brewed in me, made me feel hollow.

I fought the terror, it was just mere fright,
Staying strong would help me, wasn't I right?
All I could do was wish it was true,
That I would fight this fear and endure it all through.

The terrible consequences of the weird
apocalypse that day,
Followed me in many ways.
Strong and united, we must all be,
And then we would get another chance,
to watch sunsets near the sea.

THE AMUSEMENT PARK

The amusement park is very nice,
The park has lot of jumpy rides.
The roller coaster, giant wheel and much more,
Ice creams, French fries always at the door.

If you have not gone to one, it's a must to explore.
Go with family and enjoy to the
core.

I am waiting for yet another trip,
With parents and friends let my
heart hold its grip.

Lip Smacking - Oreo cake

INGREDIENTS

- Oreo biscuits
- Baking powder
- Milk [room temperature]
- Dark chocolate
- Butter

METHOD:

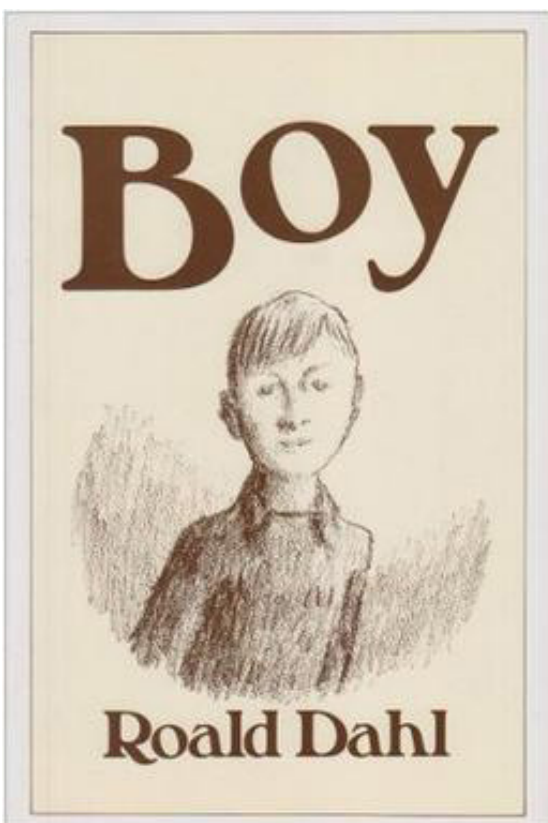

Take 2 packets of Oreo biscuits and add them to mixer grinder jar. Then add in 2 tsp. of baking powder. Grind it into a coarse powder. Transfer it to a bowl, add 1-2 cups of milk gradually. Mix well. Take a cake tin, grease it with butter and pour the batter prepared. Bake at 200 °C for 15 minutes. Now, insert a toothpick into the baked cake, if it comes out clean, the cake is perfectly baked. In a double boiler, add dark chocolate pieces and melt it down. Pour the melted chocolate ganache gently on the cake.

Your Oreo cake is ready to serve!

Book Review

BOY BY ROALD DAHL

Dear Friends !

I'm here to share my thoughts about the book named 'BOY'- which is authored by Mr. Roald Dahl. He is a British novelist, story teller, and was a fighter pilot during the war.

The Boy is a beautiful autobiography of the author wherein he slates his journey of life, right from being a small kid to later adolescence. The words chosen are lucid in style and make you exercise your imagination to a great extent. It incorporates all types of life incidents which the author witnessed. The book contains a wonderful tapestry of short stories wherein each story makes the reader wonder what he or she would have done in similar situations. The author makes it all the more interesting by citing many anecdotes and lots of interesting pictures picked up from his earlier days. The book is humorous at various junctures which makes it a very engaging read.

I like the artistic cover of the book and love the way this non-fiction book attracts my attention.

Find some time to make it a part of your good reads!

THE PICTURESQUE PUNJAB

Punjab is one of the most unique, vibrant and culturally rich states of our country India. The people from Punjab are considered to be full of energy, vivacious and very charismatic. Punjab as a state welcomes you with open heart and warm hugs- the hospitality is exceptional. The first thought that comes to the mind when we think of Punjab as a state is the sumptuous Punjabi food. It is rich in spices, flavours and is world renowned. After all, who hasn't heard of 'Makke Di Roti and Sarson da Saag' ! Lassi, Chole Bhathure, Rajma Chawal ,Paneer Tikka, Tandoori Roti are a few of the delicacies we always would like to savour. The Punjabi Folk Dance 'Bhangra' is irresistible and tends to make all of us dance to its tunes. Punjabi music is very popular and is even enjoyed by the international community. 'Punjabi' is the official language of the state. The traditional dress of Punjabi men is 'Kurta and Tehmat'. The women wear the traditional Punjabi Salwar Suit. The Golden Temple, Amritsar, Jallianwala Bagh, Wagah Border are important places to be visited in Punjab. Chandigarh, Amritsar, Ludhiana are the major cities located in the state of Punjab. Welcome to the world of Punjab !

**“I’ve failed over and over again in my life.
And that is why I succeed.” – Michael Jordan**

The versatile basketball player Michael Jordan is inspirational. He was a game changer, someone who totally transformed the game. In the above mentioned quote, Michael Jordan has uplifted the concept of failure. He has shown us the path of accepting failure as a stepping stone for success. He has emphasised the fact that failures have a profound effect on our growth, thus teaching us many important life lessons. The quote has encouraged me not to detest failures and take them in stride. I hope you will also pick up your thoughts from here and tread the path of success by learning from your failures in life.

HUSSAIN SAGAR LAKE

Hussain Sagar is a heart-shaped lake in Hyderabad, Telangana. The major attraction of the lake is the large monolithic Gautama Buddha Statue which stands on the Gibraltar rock, in the middle of the lake. Quite remarkably it was carved by 200 sculptors, for a period of over two years. It is a very popular spot for boating, sailing and sightseeing. I have visited the lake personally wherein we were taken in a ferry to the statue. I was quite awestruck at the sheer size of the Gautama Buddha statue ! It was a 18-meter-high Buddha statue which was chiselled out of a white granite rock, weighing 450 tons. Isn't that incredible? If you find some time please make the Hussain Sagar Lake a part of your itinerary too!
