

DMCS TEACHERS DAY 2022 CELEBRATIONS

A life of joy and happiness is possible only on the basis of knowledge and science.

– Dr. Sarvepalli Radhakrishnan

On the auspicious occasion of Teachers Day, the teaching community steps back from their hectic schedule, to revel in the adulation and adoration of children and to think of all the great teachers of the world. The student community pay heartfelt tribute to their teachers, draw inspiration from them and express their gratitude to the most noble profession of teaching.

Teachers' Day was observed on 5th September 2022, at DMCS Vidyanarayapura in the School Auditorium. The celebration began with the Morning Assembly wherein the students recited a special poem to mark the day. DMCS School Director - Ms. Vrinda Coutinho graced the occasion with her elegant presence. She was accompanied by DMCS Vidyanarayapura Principal – Ms. Balasundari R. and Vice Principal - Ms. Roopalakshmi. All the teachers were seated in the auditorium after the ribbon cutting ceremony by the School Director. The Student Council members had taken charge of conducting the proceedings. Their enthusiasm and organisational skills were praiseworthy indeed. The hall was tastefully decorated for the occasion and floral tributes were paid to Dr. S. Radhakrishnan. Songs, Keyboard Performance and dance performances were the key highlights of the programme. It was a beautiful day wherein everyone cherished the fact that the day is marked with an outpouring of love and affection from our dear students making this noble profession so worthwhile.

DMCS Banaswadi witnessed one of the most exhilarating and energised Teachers Day Celebrations. The teachers looking graceful in their attires were told to assemble in the ground and take their respective seats to witness the bonanza of programmes. The programme commenced with paying Floral Tributes to Dr. Sarvepalli Radhakrishnan by DMCS School Director - Ms. Vrinda Coutinho accompanied by

DMCS Banaswadi Principal – Ms. Vinetha David and Vice Principals - Ms. Madhurima Srivastava and Mr. Bhuwan Chandra. It was followed by the beautiful rendition of DMCS School Anthem. A well-articulated Welcome Address was given and subsequently the significance of Teachers Day was shared with the excited audience. Melodious songs, dazzling dance performances were thoroughly enjoyed by one and all. Beat Boxing, Fusion Folk Dance and an effervescent Fashion

We reminisce one of the most beautiful quotes given by Dr. Sarvepalli Radhakrishnan - The end-product of education should be a free creative man, who can battle against historical circumstances and adversities of nature.

My Reading Encounters

Not so long ago, we used to depend solely on books, magazines and newspapers for gaining information or acquiring knowledge. The dictionary and the encyclopaedia were our constant companions to dive into when we needed to find out something. Children enjoyed reading comic books in their leisure time.

However, the current scenario has been metamorphosed! Adults and children alike depend on the internet for seeking information. Each and every bit of information one wants is just a click away and for most of us it is far more convenient to watch a video clip than to browse through a book.

Technology has bestowed us with great advantages but needless to say that nothing can replace the joys and benefits of reading a good book.

Books are a rich source of information and knowledge and can play a vital role in the overall well-being of an individual. No one who has the reading habit will ever feel lonely or bored. Reading is also vital for success in academics and in our careers. Reading broadens our horizons and gives depth to our knowledge. Reading improves our vocabulary and thereby helps develop our communication skills. While reading, we come across different genres and styles which enrich us. Reading a good book also acts as a stress-buster. Our mind is relaxed,

our thinking ability is enhanced and we draw inspiration from our favourite characters. Reading is essential for those who seek to rise above the ordinary. My dear friends, always remember that writing is a corollary to reading and reading is the best way to learn how to write.

To conclude, we as teachers and parents have a greater responsibility to encourage our children to read more and keep the reading habit alive.

Happy Reading!

MUSIC IS EVERYWHERE

Oh! music you are everywhere,
Your guiding is beyond compare.
You are the sweetest of sweets,
In comparison to the honey from honeybees.

You cheer me up when I lie in dismay,
You are there everywhere.
My heart and feet in a rhythm sweet,
While I listen to your humming tweet.

Oh! music you are everywhere,
In the sky drumming the clouds to thunder.

In the songs which are harmoniously sung,
The tapping of the drum.

The sweet music of the nightingale,

You hold my back when I am frail.

You make me bawl, you make me laugh

Will you be my companion on everyone's behalf.

Oh! music you are everywhere !

Library is the place where we can develop our creativity.

Even one day I cannot miss this,
What a wonderful place library is.

JOKES TIME !

A student walks up to his teacher...

Student: "Miss, would you blame someone for something that they didn't do?"

Teacher: "No of course not. I would never do that."

Student: "Good, because I didn't do my homework."

Why are frogs so happy?

They eat whatever bugs them.

The below words have been cherry-picked from Gems Magazine - September 2022 Edition.

Metamorphosed- To Transform

Repented - Feel or express sincere regret or remorse about one's wrong doing

Corroborating- Confirm or give support to (a statement, theory, or finding)

Puzzle Time

- Which is the only word in the English language where "su-" makes a "sh" sound?
- What is Onomatopoeia?

2. Onomatopoeia at first glance looks like a long word and it may seem to be hard to pronounce and spell. But don't let that hold you back from using this literary device in your writing – it's actually a quite basic concept and easy to understand. It's not scary at all, we promise!

Any word that is used to describe and mimic a sound is an example of the types of words you would want to use in your writing.
